

River Suir Showcase Seminar

Tuesday 31st January

Carrig Hotel, Carrick-on-Suir

Time: 3-7pm

Do you have an interest in or love for the River Suir? If so, you are invited to come along to this first River Suir Showcase seminar in Carrick-on-Suir. As well as short talks on a range of river-related topics, there will be specialists from the various bodies that have responsibility for different aspects of the river on hand to answer any queries. Topics include inland waterways, boating on the Suir, fisheries, water quality, water safety, wildlife, the river navigation, invasive species, community and voluntary activities, and heritage survey projects on the Suir and the Nore.

Everyone is welcome to attend the entire seminar or to drop in for a short time. So come along and meet other river people and find out what activities are going on along the river. This event is a follow up to requests from local people during the *Suir River Cafe* during Clonmel Junction Festival and community workshops in Ardfinnan, Cahir, Clonmel and Carrick-on-Suir over the summer undertaken as part of the *Waterways Forward* project. It is an opportunity to share river information or just to hear about all the projects that are underway.
